## Executive Summary

I am an actively learning Data Science enthusiast with extensive experience developing solutions, often commended for extreme teachability and strong analytical skills; attentive to details, with good people and soft skills and proper ethics.

## Experience

2019–present **Contributing to the Open Source Deep Neural Network library development, FastAI.**

### 2019 Projects and Articles.

- Malaria Cells Image Classification with Residual Neural Network;
- Edge Detection on static images and video stream with OpenCV and Matlab;
- Image classification web app, hosted on AWS;
- BigQuery and Public Datasets. Overview for Data Analysts.

### Other Experience

2011–2017 **Experienced Solutions Architect, Packet Core and GPON, Ericsson, Moscow and Saint Petersburg.**

#### Responsibilities:

- BUSINESS DEVELOPMENT: Discovering new business opportunities by helping Mobile and Fixed Networks Operators discern their needs and achieve their business goals with products and services we offered – 4G Radio, Evolved Packet Core;
- SOLUTIONS DEVELOPMENT: Bids/offers preparation, clarification of requirements of the customers, processing and structuring input data to ensure the solution fits the expectations;
- PROJECT MANAGEMENT Organizing, coordinating and leading the team of various specialists.

#### Achievements:

- Signed a \$3M multi-year contract with Mobicom – a leading Mobile Network Operator in Mongolia covering network development, HW & SW upgrade and support;
- Performed successful technical tests and trials for Megafon, MGTS.

2004–2011 **Pre-sales, Integration and Technical Support Engineer, Alcatel-Lucent, Moscow.**

## Education

1991–1996 **Math & Computer Science, Space Military Academy, MS, with golden medal, Saint-Petersburg.**

### Deep Learning & Data Science Specialization

2019–present **Practical Deep Learning for Coders, fast.ai.**

2019 **Deep Learning Specialization, Neural Networks and Deep Learning; Improving Deep Neural Networks: Hyperparameter tuning, Regularization and Optimization; Structuring Machine Learning Projects; Convolutional Neural Networks; Sequence Models, DeepLearning.ai, Certificates, Coursera.**

2018 **Applied Data Science with Python Specialization, Introduction to Data Science; Applied Plotting, Charting & Data Representation; Applied Machine Learning; Applied Text Mining; Applied Social Network Analysis, University of Michigan, Certificates, Coursera.**

## Computer skills

Languages: Python, SQL, Regexp, C/C++

Visualization: Matplotlib, Seaborn

Tools: Fastai, PyTorch, TensorFlow, Pandas, NumPy, Scikit-Learn

DevOps: Linux, Git, PyTest, AWS, GCP

## Skills

Analysis Advanced  
Presentation Advanced  
Communication Advanced  
English Fluent  
Teaching Advanced

Ability to gather, process & visualize data  
Ability to present the message in a clear and concise way  
Ability to listen, ask questions, inspire vision and motivate the team with words and own example  
I catch myself thinking in English, reading more books in English than in Russian  
Ability to independently learn new things & pass on gained competence
